BANKERS TO AID

WILL CO-OPERATE WITH FARMERS TO INCREASE FOOD SUPPLY

LOAN MONEY FOR SEED

Commercial Club Plans to Join in the State-Wide Movement for Conservation of Potato Seed.

Maryville bankers are behind the increased production campaign for the purpose of aiding in the warfare into which the United States has been drawn. Without exception everyone of the Maryville financial institutions have agreed to co-operate by joining in a state-wide movement to assist the farmers of Missouri in their efforts to place this commonwealth in the front rank of those states squarely behind the federal government in this great crisis.

A "War Emergency Fund."

As a member of the executive committee of the Federation of Missouri Commercial Organizations, C. W. Yehle, president of the Maryville Commercial club was called upon by James A. Houchin, president of the state organization, to join in the plans of that body. One of the principal things for which the state clubs are working is to obtain through the Missouri Bankers association, a fund to be known as a "war emergency fund." Committees are working on this scheme at present.

In general it provides for the local banks all over the state to assist the farmer by using reasonable leniency in making loans for the purpose of purchasing seed and buying extra stock in order to increase the production for the state this year. It was pointed out in the communication to Mr. Yehle that the farmers in parts of the state were not always given the proper co-operation. It was also suggested that there are some farmers in the bottom lands who feel that they cannot afford to risk an overflow which would cause them to lose the price of seed.

Bankers Promise Help.

President Yehle conferred with George L. Wilfley, president of the Farmers Trust Company, Joseph Jackson Jr., cashier of the First National Bank, E. E. Williams, cashier of the Real Estate Bank, and J. B. Robinson, president of the Nodaway Valley Bank. In each case he was assured that the banks would be very glad to do their best to relieve any stringency of that nature which might arise, and would be glad to assist the Commercial Club in its plans to make the service rendered farmers the most effective possible.

It is probable that plans will be made in Maryville under the direction of the Commercial Club or through its efforts to join in a state-wide movement for the conservation of potato seed. It is suggested that housewives of Maryville, hotel cooks and restaurant chefs be instructed how to save the eyes of potatoes so that they may be planted and thus add to next year's supply.

Will Give Demonstrations.

The plan includes store and home demonstrations to show housewives how to dig out the eyes. This can be done with a spoon. It has been found that the result is not satisfactory where only the peeling is planted, the eye needing a more solid backing of potato flesh.

The Commercial Club officers have been working quietly in the campaign. Where it is possible support and assistance has been rendered. In other cases actual work is being done by the club. Co-operation is being given the county food production and conservation movement under the supervision of a central committee composed of Supt. Bert Cooper, Prof. C. H. Belting and E. M. Claypool, secretary of the club. The Commercial Interstate committee, Chairman H. L. Haines, is considering a community canning proposition as proposed by Miss Hettie Anthony of the State Normal school. This movement is expected to result in the conservation of much foodstuffs which in ordinary times is allowed to go to waste.

The club is also through its free employment bureau assisting those seeking farm work to meet farmers looking for hands. Many calls are received each day. There is a scarcity of labor and there are many farmers waiting for helpers. As fast as possible the place and the man are being "put together."

THE AMERICANS TRIUMPH

Missing Parts of Interned German Merchant Ships are Being Made By Our Workmen.

Special to The Democrat-Forum.

Washington, May 3.—American ingenuity has triumphed over German plotting. It was officially announced today that missing parts of interned German merchant ships destroyed by crews with declarations that repairs must be "made in Germany" are already being constructed. It was also officially stated that if the administration wishes it 350,000 gross tons of shipping will be added to the United States shipping.

GERMAN REPORTS CONTRADICT.

Some Say Hollweg Will Make Peace Talk in Reichstag; Others Say Not.

Special to The Democrat-Forum.

Amsterdam, May 3.—Contradictory reports are received here relative to today's program in the Reichstag. One was to the effect that Hollweg would make an important speech without touching on peace, and another was he would not appear in the Reichstag at all.

TRACK PROSPECTS

MEET WILL BE HELD REGARDLESS OF WEATHER CONDITIONS

ALL SCHOOLS EXPECTED

Trenton, Breckenridge and Chillicothe May Send Teams to Columbia State Meet — Others Will Be Here.

If the weather man continues to dish out the same brand of weather with which he is favoring us today, and has favored us with for the last week, the prospects for a track meet here next Saturday are distinctly unfavorable. Officials in charge of the meet, however, say that the meet will be held regardless of weather conditions.

It is hoped that practically all the teams that were entered in the postponed meet will be present next Saturday. Most of them, including St. Joseph Central, have already promised to come. Word is expected from the others today or tomorrow.

The date for the Maryville meet conflicts with the date set for the state meet to be held at Columbia next Saturday, and the schools in that vicinity, Trenton, Breckenridge, and Chillicothe, may send their teams there. All three will probably decide in favor of the Maryville meet as there will be more chance for them to win a cup and medals.

The race for first honors and the championship cup seems to be among three teams, St. Joseph Central, Trenton, and Maryville. Breckenridge and Chillicothe also loom up as contenders.

Should either Trenton or Breckenridge fail to appear it would leave a clear path for Maryville to take the class B cup.

Central bases its hopes on the strength of the team in the dashes, hurdles, and jumps. Cash, co-holder of the high hurdle record, will probably take both hurdle events. Sellers holds the record for the quarter, and expects to win again this year, but he will be pushed by Saville of Grant City, a brother of the Normal's distance star, Burrill of Trenton and Yehle of Maryville.

Maryville's team is composed mainly of the Yehle brothers, Eugene and Ralph. Trenton has a star in Burrill and two or three other fairly good men. McPeek and Glick will try to take the Class C cup for Breckenridge. Chillicothe is an unknown quantity. Ten men have been entered and the school is usually strong in track. One of the members of the team is Lee Simpson, said to be a cousin of the redoubtable Bob.

The dashes apparently will develop some spirited competition between E. Yehle of Maryville, Burrill of Trenton, and Watson, the St. Joseph entry.

Hardin of Maitland is expected to win the half-mile with ease. The chief candidates for first place in the jumps are R. Yehle of Maryville, Murphy of Central and Glick of Breckenridge. Yehle is the holder of the hop, step and jump record, and if he recovers from his illness will make things hum for the other jumpers. At present he is under the doctor's care.

On their records thus far, the two Yehles of Maryville and Glick and McPeek of Breckenridge are the pick of the pole vaulters. McPeek and Bealls of Central are the only weight men who placed last year.

These forecasts are by no means accurate, but keep your eyes on the men mentioned: the two Yehles of Maryville, Burrill of Trenton, Hardin of Maitland, Glick of Breckenridge, and Cash, Sellers and Watson of Central. Saville of Grant City and Lewis of Bethany may also bear watching.

INITIAL DRAFT PLAN

Special to The Democrat-Forum.

Washington, May 3.—Under the initial draft to secure 500,000 men to make up the first army to march forward against the Germans, New York will furnish the greatest number, 45,845 and Nevada the lowest, 500.

This was decided by the war department which has its machinery perfected to put the draft into effect shortly. The measure becomes a law this week.

A CALL TO FARMERS

CENTRAL FOOD COMMITTEE WANTS MEETINGS ATTENDED.

FIRST ONE AT CLEARMONT

Urge That Each School District be Represented and That School Children Attend Meetings.

The County central committee in the Food Conservation campaign, which is now in full swing in Nodaway county, has issued the following call for recruits to appear at the meetings which will be held in the towns beginning Friday:

"The war in Nodaway county is now on. Every effort possible is being made to recruit and muster the forces of the county that have not already rallied to the war call and entered the field.

"The county central committee in the war campaign for increased food production hereby urges the township committees to see that each school district is represented in some one of the series of meetings to be held by the University representative, R. A. Kinnaird in the various towns of the county.

"The time allotted to Nodaway county is limited and the greatest possible use of it must be made. The schedule of meetings follows:

Friday night, May 4, Clearmont, Ralph McClintoch in charge; Saturday afternoon, May 5 Maryville court house Ernest Wray in charge; Saturday night May 5 Old Conception August King in charge; Sunday forenoon, May 6, Arkoe, Harry Wamsley in charge; Sunday afternoon, May 6, Clyde, T. F. Merrigan in charge; Monday night, May 7, Ravenwood, C. S. Sichert in charge; Tuesday night, May 8, Parnell, W. A. Tower in charge; Wednesday night, May 9, Jickering, Charles Stafford in charge; Thursday night, May 10, Elmo, Charles Lamar in charge; Friday night, May 11, Guilford, M. L. Griggs in charge; Saturday night, May 12, Skidmore, J. F. Kellogg in charge.

A meeting will be held at Barnard on Saturday evening, May 12.

"Nearly all of the teachers and school children of the entire county have now enlisted and this is their call to service. We urge that they not only attend one or more of these meetings and assist in organizing the clubs for mutual co-operation and instruction, but that they will also see that every patron in the district is invited to attend and enlist. The township committees and the central committee are at the service of any district or community.

"If they do not reach you, reach them.

"At the meeting held by the extension service, clubs will be organized for each district or group of districts desiring them.

"We believe every patriotic American, regardless of his nationality, will step forward in answer to this, his country's call. Let us not find a single "slacker" in the ranks of the Nodaway county food army."

BABY WEEK PRAYER SERVICE IS WELL ATTENDED.

4 INTERESTING TALKS

Dr. Coile Gives Characteristics of New Fashioned Father—Rights of Baby Discussed.

"The new fashioned father should be a man who is physically, intellectually, morally and spiritually fitted for his responsibilities," said Dr. S. A. Coile in his talk last night at the Union Prayer services held at the First Methodist church in honor of Baby Week. About 150 persons were in attendance.

"The father should be physically fit," continued Dr. Coile, "for the good of the race. He should be intellectually fit so that he may raise the average mentality of his generation. He must be morally fit in order that the morals of the race may not degenerate. And above all, he must have a spiritual outlook, which is really the most necessary factor in the rearing of a family.

"Instead of having so many women's clubs," added Da. Coile, " a father's club should be organized where fathers would consider the needs of their sons. There is something radically wrong with our system of training boys, as may be seen in the schools where only 50 per cent of the students are enrolled after the fifth grade."

Mrs. Lewis E. White gave a splendid talk on "Baby's Rights." From observation of her own and of other people's children Mrs. White said that she had come to the conclusion that babies had a right to good parents, to a wholesome community and to have their needs studied carefully and conscientiously, "and these things should not be considered as duties of parents but more as rights of children," said Mrs. White.

Miss Jessie Parcher in behalf of the Council of Clubs explained the purposes of Baby Week, giving in connection with this the history and growth of the movement.

The Rev. Gilbert S. Cox closed the program with a comment on the church as a factor in the rearing of a child. "Eugenics is all right in its place," said Mr. Cox, "and the importance of a good father; a good mother and a good home cannot be overestimated.

"But no father or mother has the foundation of successful parenthood and no home has the right atmosphere without the Gospel of Jesus Christ. That is why the Union prayer meeting has been called during Baby Week — to pay tribute to the religious phase of child life."

Miss Helen Matteson of Grant City had her tonsils removed this morning at the St. Francis hospital.

JAMES MORRIS, 96, DIES

PARNELL FARMER, OLDEST RESIDENT OF NODAWAY COUNTY

Had Lived in Vicinity of Parnell for 61 Years, Taking Up Government Land.

James Morris, 96 years old, the oldest resident of Nodaway county died at 1:15 o'clock this morning at the home of his daughter, Mrs. E. J. Klaas of Parnell. He had been in poor health for several months, but the direct cause of his death was old age.

Mr. Morris was born in 1820 in Kildare county, Ireland, and was married to Miss Elizabeth Murphy in 1844. Two years after their marriage, Mr. and Mrs. Morris moved to America and settled in New York, where they lived for a short time. Then they moved to Ohio and from there they moved to Iowa, and in the year of 1856 they moved to Nodaway county, settling on a farm near Parnell, which was then government land. Twelve years ago Mrs. Morris died and Mr. Morris has since made his home with his son, J. T. Morris and his daughter, Mrs. E. J. Klaas.

Eight children were born to Mr. and Mrs. Morris. Their first child died while they were on their way to America and was buried in the ocean. One child died when 6 years old, and one at the age of 4 years.

Five children survive Mr. Morris. They are: Mrs. E. J. Klaas, J. T. Morris, Mrs. Rose Bremer and Mrs. William Foland of Parnell and Mrs. Sarah Malone of Glenburn, N. D.

Funeral services will be held at 9 o'clock Saturday morning at the Catholic church in Parnell, the Rev. Father Ildephonse officiating. Burial will be in the Grand View cemetery, east of Parnell.

SECURE 'NECESSARY' MARINES

Two Sons of Mrs. Sallie Necessary Will Be Among the First to Fight Germany.

Washington, May 3.—Although the United States Marine Corps made the announcement on April 28 that they had reached their then authorized strength of 17,400 men, the Necessary men were secured two weeks before that time, and were under training.

Two brothers who were anxious to be "first to fight" were enlisted on Friday, April 13. They were Robert Z and Thomas B. Necessary, sons of Mrs. Sallie Necessary, of Red Rock, Texas.

"The response of red-blooded Americans to their country's call for additional Marines has been particularly gratifying," said Major General George Barnett, commandant of the Marine Corps, "and we anticipate no difficulty in securing the 12,600 more which are likely to be authorized any day, and for which recruiting has already been started."

DRAFT PLANS BEGUN

AFTER REGISTRATION MEN WILL BE CALLED BY CLASSES.

WILL ARREST SLACKERS

Every Effort Will Be Made to Keep the Identity of the National Guard.

Special to The Democrat-Forum.

Washington, May 3.—State and federal governments must work in closest co-operation in the Nation's history, if the Nation is to be successful in the greatest of all wars, Secretary Baker told representatives of all state councils of defense when they opened sessions here today.

Especially will this complete co-operation be necessary in putting together parts of the great army machine authorized by Congress, Secretary Baker said.

Keep the Guard's Identity.

As far as possible, every effort will be made to preserve the identity of the national guard, in the building up of the great army-to-be, Secretary Baker continued in outlining roughly the plans for the enforcement of the selective conscription plan.

The sessions today marked the first real step of organized co-operation between the states and the federal government in the matter of national defense. Secretary Baker urged as the first step to be taken by the states to make the first Nation-wide conscription registration day "a great national demonstration of patriotism and firmness of purpose." He did not mention specifically the matter of military co-operation, but he plainly hinted that this important matter still is unsettled and would be subject to change.

Baker Outlines Plans.

Outlining the machinery for raising the new army Secretary Baker said:

"As soon as the bill becomes a law the President will probably set a day by proclamation for registration throughout the Nation. The men will go to their usual polling places and register.

"As far as possible the election systems of the townships, villages and counties will be used. In an enterprise of such magnitude there is bound to be some confusion, but after the first class is properly registered and assorted we can call successive levies with little difficulty.

"With your co-operation we can make the polling places on that day an altar of free institutions."

General Plans are Ready.

Machinery for drafting the first levy of ½ million men is being worked out by the War department. Although the details are far from completion, the system in general will be as follows.

On a day designated by proclamation, probably before September 1, all the men in the Nation between the ages to be set in the Conscription Bill will be ordered to visit the polls and register themselves.

Upon registration they will be given cards designating the number of the class in which they will be called for examination.

It is planned to use the local police facilities of the townships, villages and cities to seek out "slackers" who fail or refuse to register. Under the bill a heavy penalty will be imposed for failure to register.

To Be Called By Classes.

Then calls by classes will follow. As each class reports the men subject to exemption under the bill — munitions workers, men with dependents, men engaged in industries vital to the military machine and other classes, such as agricultural workers, to be fixed by the President — will first be weeded out.

After that the remainder will be again sifted by physical test and the unfit rejected. Then another class for examination will be summoned and the process repeated until the men of the Nation, physically fit, and not subject to exemption, are determined.

It is believed the jury wheel system to determined the first levy by lot will be used. These men chosen from the ranks subject to service will comprise the first levy. They will then await the order to go to the training camps.

"I won't be ready to give you this for two years. It's for VELVET."

We Won't Say VELVET is the Best Pipe Tobacco—

We couldn't until we had tried every tobacco made, but—we know that most American pipe smokers agree that Kentucky Burley is the world's choicest pipe tobacco.

We know that this tobacco can only be at its best *after* two years' natural ageing, and we take the time and pay the price to age VELVET in Nature's sure, patient way.

Too many cooks spoil the broth. When Time and Nature are makin' VELVET, no use anybody else stirrin' in.

Velvet Joe

You ought to know what we know about VELVET'S mildness, mellowness and taste. Well, it's mighty easy to know, and you can never learn younger than *right now* by trying VELVET yourself, today.

Selz Arrow of soft gun metal calf. Splendid fitting and wearing. Real shoe value.

You Buy Shoe Service Here

No matter what you pay for Selz Shoes, you get more than you pay for.

The cost of extra repairs on inferior shoes will often offset the difference in price of a pair of Selz shoes.

Don't forget that, after all, you buy shoe service —not shoes.

Someone said shoes ought to be sold on a mileage basis, like automobile tires. If it ever comes to this, there will be more Selz shoes and less of the kind that keeps poor people poor.

The good shine on the outside and poor quality within will then pass into decline, and quality alone will shine—a total eclipse.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Maryville evidence of their worth.

Mrs. K. E. Ratcliffe, 816 N. Walnut St., Maryville, says: "Every morning I used to get up with the most terrible backaches. It seemed as though my back would break. My head ached a great deal and I was awfully dizzy, too. My kidneys acted so frequently that my rest was disturbed many times during the night. I saw Doan's Kidney Pills so highly recommended that I got some at Love & Gaugh's Drug Store. They proved highly successful and removed the trouble. It hasn't been necessary for me to use a kidney medicine now for over four years."

Named the Lamp For Him.

A Fairview man, who takes a nip of the cup that cheers at every opportunity, was in Maryville not long ago, and got pretty well loaded at the Bevo bar. Before returning home he was lucky in a raffle, drawing a big piano lamp, so he presented it to his wife when he got back as a sort of a peace offering. She was tickled most to death over the present and said she would name it after him. On asking her the reason she replied: "Well, it has a good deal of brass about it, is handsome to look at, is remarkably brilliant, requires a good deal of attention, is sometimes unsteady on its legs, liable to explode when half full, flares up occasionally, is always out at bedtime and is bound to smoke."—Fairview Items in Hopkins Journal.

WANTS CRADLE ROLL BEGUN

Nodaway S. S. Association Is Very Anxious to Have Babies Remembered Each Sunday of Year.

Mrs. R. M. Barry, elementary superintendent of the Nodaway County Sunday School association, is very anxious to have Sunday schools remember and observe Cradle Roll day, which will be held May 6. Mrs. Barry says:

"Several of our schools are planning for Cradle Roll day. Is your Sunday school one of these?

"In the State of Missouri there are three counties with 100 per cent Cradle Rolls, which means that every school in each of the three counties has a Cradle Roll. We feel that Nodaway county should be the next one to attain the 100 per cent Cradle Roll standard. At present only 55 per cent of Nodaway county Sunday schools have Cradle Rolls. If every Sunday school in the county will co-operate in this work, we will be able to reach this goal by September 19 and 20, the date of our next county convention.

"By organizing a Cradle Roll this week you will be laying a foundation of a work that will help you to remember the babies each Sunday in the year, and thus be able to look after their spiritual welfare.

"Will you see that your Sunday school has a Cradle Roll?"

BANKERS TO AID

WILL CO-OPERATE WITH FARMERS TO INCREASE FOOD SUPPLY

LOAN MONEY FOR SEED

Commercial Club Plans to Join in the State-Wide Movement for Conservation of Potato Seed.

Maryville bankers are behind the increased production campaign for the purpose of aiding in the warfare into which the United States has been drawn. Without exception everyone of the Maryville financial institutions have agreed to co-operate by joining in a state-wide movement to assist the farmers of Missouri in their efforts to place this commonwealth in the front rank of those states squarely behind the federal government in this great crisis.

A "War Emergency Fund."

As a member of the executive committee of the Federation of Missouri Commercial Organizations, C. W. Yehle, president of the Maryville Commercial club was called upon by James A. Houchin, president of the state organization, to join in the plans of that body. One of the principal things for which the state clubs are working is to obtain through the Missouri Bankers association, a fund to be known as a "war emergency fund." Committees are working on this scheme at present.

In general it provides for the local banks all over the state to assist the farmer by using reasonable leniency in making loans for the purpose of purchasing seed and buying extra stock in order to increase the production for the state this year. It was pointed out in the communication to Mr. Yehle that the farmers in parts of the state were not always given the proper co-operation. It was also suggested that there are some farmers in the bottom lands who feel that they cannot afford to risk an overflow which would cause them to lose the price of seed.

Bankers Promise Help.

President Yehle conferred with George L. Wilfley, president of the Farmers Trust Company, Joseph Jackson Jr., cashier of the First National Bank, E. E. Williams, cashier of the Real Estate Bank, and J. B. Robinson, president of the Nodaway Valley Bank. In each case he was assured that the banks would be very glad to do their best to relieve any stringency of that nature which might arise, and would be glad to assist the Commercial Club in its plans to make the service rendered farmers the most effective possible.

It is probable that plans will be made in Maryville under the direction of the Commercial Club or through its efforts to join in a state-wide movement for the conservation of potato seed. It is suggested that housewives of Maryville, hotel cooks and restaurant chefs be instructed how to save the eyes of potatoes so that they may be planted and thus add to next year's supply.

Will Give Demonstrations.

The plan includes store and home demonstrations to show housewives how to dig out the eyes. This can be done with a spoon. It has been found that the result is not satisfactory where only the peeling is planted, the eye needing a more solid backing of potato flesh.

The Commercial Club officers have been working quietly in the campaign. Where it is possible support and assistance has been rendered. In other cases actual work is being done by the club. Co-operation is being given the county food production and conservation movement under the supervision of a central committee composed of Supt. Bert Cooper, Prof. C. H. Belting and E. M. Claypool, secretary of the club. The Commercial Interstate committee, Chairman H. L. Haines, is considering a community canning proposition as proposed by Miss Hettie Anthony of the State Normal school. This movement is expected to result in the conservation of much foodstuffs which in ordinary times is allowed to go to waste.

The club is also through its free employment bureau assisting those seeking farm work to meet farmers looking for hands. Many calls are received each day. There is a scarcity of labor and there are many farmers waiting for helpers. As fast as possible the place and the man are being "put together."

Special to The Democrat-Forum.

Washington, May 3.—American ingenuity has triumphed over German plotting. It was officially announced today that missing parts of interned German merchant ships destroyed by crews with declarations that repairs must be "made in Germany" are already being constructed. It was also officially stated that if the administration wishes it 359,000 gross tons of shipping will be added to the United States shipping.

TRACK PROSPECTS

MEET WILL BE HELD REGARDLESS OF WEATHER CONDITIONS

ALL SCHOOLS EXPECTED

Trenton, Breckenridge and Chillicothe May Send Teams to Columbia State Meet — Others Will Be Here.

If the weather man continues to dish out the same brand of weather with which he is favoring us today, and has favored us with for the last week, the prospects for a track meet here next Saturday are distinctly unfavorable. Officials in charge of the meet, however, say that the meet will be held regardless of weather conditions.

It is hoped that practically all the teams that were entered in the postponed meet will be present next Saturday. Most of them, including St. Joseph Central, have already promised to come. Word is expected from the others today or tomorrow.

The date for the Maryville meet conflicts with the date set for the state meet to be held at Columbia next Saturday, and the schools in that vicinity, Trenton, Breckenridge, and Chillicothe, may send their teams there. All three will probably decide in favor of the Maryville meet as there will be more chance for them to win a cup and medals.

The race for first honors and the championship cup seems to be among three teams, St. Joseph Central, Trenton, and Maryville. Breckenridge and Chillicothe also loom up as contenders.

Should either Trenton or Breckenridge fail to appear it would leave a clear path for Maryville to take the class B cup.

Central bases its hopes on the strength of the team in the dashes, hurdles, and jumps. Cash, co-holder of the high hurdle record, will probably take both hurdle events. Sellers holds the record for the quarter, and expects to win again this year, but he will be pushed by Saville of Grant City, a brother of the Normal's distance star, Burrill of Trenton and Yehle of Maryville.

Maryville's team is composed mainly of the Yehle brothers, Eugene and Ralph. Trenton has a star in Burrill and two or three other fairly good men. McPeek and Glick will try to take the Class C cup for Breckenridge. Chillicothe is an unknown quantity. Ten men have been entered and the school is usually strong in track. One of the members of the team is Lee Simpson, said to be a cousin of the redoubtable Bob.

The dashes apparently will develop some spirited competition between E. Yehle of Maryville, Burrill of Trenton, and Watson, the St. Joseph entry.

Hardin of Maitland is expected to win the half-mile with ease. The chief candidates for first place in the jumps are R. Yehle of Maryville, Murphy of Central and Glick of Breckenridge. Yehle is the holder of the hop, step and jump record, and if he recovers from his illness will make things hum for the other jumpers. At present he is under the doctor's care.

On their records thus far, the two Yehles of Maryville and Glick and McPeek of Breckenridge are the pick of the pole vaulters. McPeek and Bealls of Central are the only weight men who placed last year.

These forecasts are by no means accurate, but keep your eyes on the men mentioned: the two Yehles of Maryville, Burrill of Trenton, Hardin of Maitland, Glick of Breckenridge, and Cash, Sellers and Watson of Central. Saville of Grant City and Lewis of Bethany may also bear watching.

A CALL TO FARMERS

CENTRAL FOOD COMMITTEE WANTS MEETINGS ATTENDED.

FIRST ONE AT CLEARMONT

Urge That Each School District be Represented and That School Children Attend Meetings.

The County central committee in the Food Conservation campaign, which is now in full swing in Nodaway county, has issued the following call for recruits to appear at the meetings which will be held in the towns beginning Friday:

"The war in Nodaway county is now on. Every effort possible is being made to recruit and muster the forces of the county that have not already rallied to the war call and entered the field.

"The county central committee in the war campaign for increased food production hereby urges the township committees to see that each school district is represented in some one of the series of meetings to be held by the University representative, R. A. Kinnaird in the various towns of the county.

"The time allotted to Nodaway county is limited and the greatest possible use of it must be made. The schedule of meetings follows:

Friday night, May 4, Clearmont, Ralph McClintoch in charge; Saturday afternoon, May 5 Maryville court house Ernest Wray in charge; Saturday night May 5 Old Conception August King in charge; Sunday forenoon, May 6, Arkoe, Harry Wamsley in charge; Sunday afternoon, May 6, Clyde, T. F. Merrigan in charge; Monday night, May 7, Ravenwood, C. S. Sichert in charge; Tuesday night, May 8, Parnell, W. A. Power in charge; Wednesday night, May 9, Jickering, Charles Stafford in charge; Thursday night, May 10, Elmo, Charles Lamar in charge; Friday night, May 11, Guilford, M. L. Griggs in charge; Saturday night, May 12, Skidmore, J. F. Kellogg in charge.

A meeting will be held at Barnard on Saturday evening, May 12.

"Nearly all of the teachers and school children of the entire county have now enlisted and this is their call to service. We urge that they not only attend one or more of these meetings and assist in organizing the clubs for mutual co-operation and instruction, but that they will also see that every patron in the district is invited to attend and enlist. The township committees and the central committee are at the service of any district or community.

"If they do not reach you, reach them.

"At the meeting held by the extension service, clubs will be organized for each district or group of districts desiring them.

"We believe every patriotic American, regardless of his nationality, will step forward in answer to this, his country's call. Let us not find a single "slacker" in the ranks of the Nodaway county food army."

BABY WEEK PRAYER SERVICE IS WELL ATTENDED.

4 INTERESTING TALKS

Dr. Coile Gives Characteristics of New Fashioned Father—Rights of Baby Discussed.

"The new fashioned father should be a man who is physically, intellectually, morally and spiritually fitted for his responsibilities," said Dr. S. A. Coile in his talk last night at the Union Prayer services held at the First Methodist church in honor of Baby Week. About 150 persons were in attendance.

"The father should be physically fit," continued Dr. Coile, "for the good of the race. He should be intellectually fit so that he may raise the average mentality of his generation. He must be morally fit in order that the morals of the race may not degenerate. And above all, he must have a spiritual outlook, which is really the most necessary factor in the rearing of a family.

"Instead of having so many women's clubs," added Dr. Coile, " a father's club should be organized where fathers would consider the needs of their sons. There is something radically wrong with our system of training boys, as may be seen in the schools where only 50 per cent of the students are enrolled after the fifth grade."

Mrs. Lewis E. White gave a splendid talk on "Baby's Rights." From observation of her own and of other people's children Mrs. White said that she had come to the conclusion that babies had a right to good parents, to a wholesome community and to have their needs studied carefully and conscientiously, "and these things should not be considered as duties of parents but more as rights of children," said Mrs. White.

Miss Jessie Parcher in behalf of the Council of Clubs explained the purposes of Baby Week, giving in connection with this the history and growth of the movement.

The Rev. Gilbert S. Cox closed the program with a comment on the church as a factor in the rearing of a child. "Eugenics is all right in its place," said Mr. Cox, "and the importance of a good father; a good mother and a good home cannot be overestimated.

"But no father or mother has the foundation of successful parenthood and no home has the right atmosphere without the Gospel of Jesus Christ. That is why the Union prayer meeting has been called during Baby Week — to pay tribute to the religious phase of child life."

Miss Helen Matteson of Grant City had her tonsils removed this morning at the St. Francis hospital.

JAMES MORRIS, 96, DIES

PARNELL FARMER, OLDEST RESIDENT OF NODAWAY COUNTY

Had Lived in Vicinity of Parnell for 61 Years, Taking Up Government Land.

James Morris, 96 years old, the oldest resident of Nodaway county died at 1:15 o'clock this morning at the home of his daughter, Mrs. E. J. Klaas of Parnell. He had been in poor health for several months, but the direct cause of his death was old age.

Mr. Morris was born in 1820 in Kildare county, Ireland, and was married to Miss Elizabeth Murphy in 1844. Two years after their marriage, Mr. and Mrs. Morris moved to America and settled in New York, where they lived for a short time. Then they moved to Ohio and from there they moved to Iowa, and in the year of 1856 they moved to Nodaway county, settling on a farm near Parnell, which was then government land. Twelve years ago Mrs. Morris died and Mr. Morris has since made his home with his son, J. T. Morris and his daughter, Mrs. E. J. Klaas.

Eight children were born to Mr. and Mrs. Morris. Their first child died while they were on their way to America and was buried in the ocean. One child died when 6 years old, and one at the age of 4 years.

Five children survive Mr. Morris. They are: Mrs. E. J. Klaas, J. T. Morris, Mrs. Rose Bremer and Mrs. William Foland of Parnell and Mrs. Sarah Malone of Glenburn, N. D.

Funeral services will be held at 9 o'clock Saturday morning at the Catholic church in Parnell, the Rev. Father Ildephonse officiating. Burial will be in the Grand View cemetery, east of Parnell.

Two Sons of Mrs. Sallie Necessary Will Be Among the First to Fight Germany.

Washington, May 3.—Although the United States Marine Corps made the announcement on April 28 that they had reached their then authorized strength of 17,400 men, the Necessary men were secured two weeks before that time, and were under training.

Two brothers who were anxious to be "first to fight" were enlisted on Friday, April 13. They were Robert Z and Thomas B. Necessary, sons of Mrs. Sallie Necessary, of Red Rock, Texas.

"The response of red-blooded Americans to their country's call for additional Marines has been particularly gratifying," said Major General George Barnett, commandant of the Marine Corps, "and we anticipate no difficulty in securing the 12,600 more which are likely to be authorized any day, and for which recruiting has already been started."

DRAFT PLANS BEGUN

AFTER REGISTRATION MEN WILL BE CALLED BY CLASSES.

WILL ARREST SLACKERS

Every Effort Will Be Made to Keep the Identity of the National Guard.

Special to The Democrat-Forum.

Washington, May 3.—State and federal governments must work in closest co-operation in the Nation's history, if the Nation is to be successful in the greatest of all wars, Secretary Baker told representatives of all state councils of defense when they opened sessions here today.

Especially will this complete co-operation be necessary in putting together parts of the great army machine authorized by Congress, Secretary Baker said.

Keep the Guard's Identity.

As far as possible, every effort will be made to preserve the identity of the national guard, in the building up of the great army-to-be, Secretary Baker continued in outlining roughly the plans for the enforcement of the selective conscription plan.

The sessions today marked the first real step of organized co-operation between the states and the federal government in the matter of national defense. Secretary Baker urged as the first step to be taken by the states to make the first Nation-wide conscription registration day "a great national demonstration of patriotism and firmness of purpose." He did not mention specifically the matter of military co-operation, but he plainly hinted that this important matter still is unsettled and would be subject to change.

Baker Outlines Plans.

Outlining the machinery for raising the new army Secretary Baker said:

"As soon as the bill becomes a law the President will probably set a day by proclamation for registration throughout the Nation. The men will go to their usual polling places and register.

"As far as possible the election systems of the townships, villages and counties will be used. In an enterprise of such magnitude there is bound to be some confusion, but after the first class is properly registered and assorted we can call successive levies with little difficulty.

"With your co-operation we can make the polling places on that day an altar of free institutions."

General Plans are Ready.

Machinery for drafting the first levy of ½ million men is being worked out by the War department. Although the details are far from completion, the system in general will be as follows.

On a day designated by proclamation, probably before September 1, all the men in the Nation between the ages to be set in the Conscription Bill will be ordered to visit the polls and register themselves.

Upon registration they will be given cards designating the number of the class in which they will be called for examination.

It is planned to use the local police facilities of the townships, villages and cities to seek out "slackers" who fail or refuse to register. Under the bill a heavy penalty will be imposed for failure to register.

To Be Called By Classes.

Then calls by classes will follow. As each class reports the men subject to exemption under the bill — munitions workers, men with dependents, men engaged in industries vital to the military machine and other classes, such as agricultural workers, to be fixed by the President — will first be weeded out.

After that the remainder will be again sifted by physical test and the unfit rejected. Then another class for examination will be summoned and the process repeated until the men of the Nation, physically fit, and not subject to exemption, are determined.

It is believed the jury wheel system to determined the first levy by lot will be used. These men chosen from the ranks subject to service will comprise the first levy. They will then await the order to go to the training camps.

"I won't be ready to give you this for two years. It's for VELVET."

We Won't Say VELVET is the Best Pipe Tobacco—

We couldn't until we had tried every tobacco made, but—we know that most American pipe smokers agree that Kentucky Burley is the world's choicest pipe tobacco.

We know that this tobacco can only be at its best *after* two years' natural ageing, and we take the time and pay the price to age VELVET in Nature's sure, patient way.

You ought to know what we know about VELVET'S mildness, mellowness and taste. Well, it's mighty easy to know, and you can never learn younger than *right now* by trying VELVET yourself, today.

Too many cooks spoil the broth. When Time and Nature are makin' VELVET, no use anybody else stirrin' in.

Selz Arrow of soft gun metal calf. Splendid fitting and wearing. Real shoe value.

You Buy Shoe Service Here

No matter what you pay for Selz Shoes, you get more than you pay for.

The cost of extra repairs on inferior shoes will often offset the difference in price of a pair of Selz shoes.

Don't forget that, after all, you buy shoe service—not shoes.

Someone said shoes ought to be sold on a mileage basis, like automobile tires. If it ever comes to this, there will be more Selz shoes and less of the kind that keeps poor people poor.

The good shine on the outside and poor quality within will then pass into decline, and quality alone will shine—a total eclipse.

Named the Lamp For Him.

A Fairview man, who takes a nip of the cup that cheers at every opportunity, was in Maryville not long ago, and got pretty well loaded at the Bevo bar. Before returning home he was lucky in a raffle, drawing a big piano lamp, so he presented it to his wife when he got back as a sort of a peace offering. She was tickled most to death over the present and said she would name it after him. On asking her the reason she replied: "Well, it has a good deal of brass about it, is handsome to look at, is remarkably brilliant, requires a good deal of attention, is sometimes unsteady on its legs, liable to explode when half full, flares up occasionally, is always out at bedtime and is bound to smoke."—Fairview Items in Hopkins Journal.

WANTS CRADLE ROLL BEGUN

Nodaway S. S. Association Is Very Anxious to Have Babies Remembered Each Sunday of Year.

Mrs. R. M. Barry, elementary superintendent of the Nodaway County Sunday School association, is very anxious to have Sunday schools remember and observe Cradle Roll day, which will be held May 6. Mrs. Barry says:

"Several of our schools are planning for Cradle Roll day. Is your Sunday school one of these?

"In the State of Missouri there are three counties with 100 per cent Cradle Rolls, which means that every school in each of the three counties has a Cradle Roll. We feel that Nodaway county should be the next one to attain the 100 per cent Cradle Roll standard. At present only 55 per cent of Nodaway county Sunday schools have Cradle Rolls. If every Sunday school in the county will co-operate in this work, we will be able to reach this goal by September 19 and 20, the date of our next county convention.

"By organizing a Cradle Roll this week you will be laying a foundation of a work that will help you to remember the babies each Sunday in the year, and thus be able to look after their spiritual welfare.

"Will you see that your Sunday school has a Cradle Roll?"

The township has $25,000 bond money to spend on the bridges and wants to know first what the county intends to do for their section before they plan the work.

MARYVILLE ASTONISHED BY MERCHANT'S STORY.

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.
